

New York Quarter Education Fund Committee
Report to Quarterly Meeting
October 27, 2019

New York Quarter Education Fund Committee distributes funds given to the Quarter to help Quaker children attend Quaker Schools. Some of the donors designated that preference be given to children of non white race. We attempt to honor the stated wishes. For the school year 2019-2020 the committee made grants to one student at Friends Seminary and 12 students at Brooklyn Friends School. The total of grants given was \$76,325.75.
