

Downtown Manhattan Allowed Meeting  
Report to New York Quarterly Meeting – Fall 2020

Despite the COVID19 pandemic, the downtown outdoor meeting has met every Thursday evening from the beginning of May through the end of September. It is true that only one person attended through June 18<sup>th</sup>. Since then, except for one rainy evening, there were 2 to 5 people in attendance, a total 48 people on 21 Thursdays.

We were, of course, careful to socially distance and wear masks. The Battery Park Conservancy was pleased to welcome us and even left the gate unlocked. It was wonderful to be with fellow worshippers again in person sitting on new benches next to the beautiful Labyrinth of Contemplation. We look forward to next May and hope many more people will join us in 2021.
