

July 16 2022

Dear Friends,

Since our last report to the Quarter, there have been a number of changes in the Quarterly Meeting Office. After 15 years of service, Ahmet Baydur is no longer serving as the General Manager. Trustees would like to thank Ahmet Baydur for all his of service to NYQM. Trustees would also like to welcome Betsy Smulyan who is serving as the Interim Executive Director. Betsy comes to us after serving as Interim Executive Director at Heights and Hills and Interim President/CEO at Together Women Rise. She also served as Executive Vice President at BRIC for 13 years. During this period, the Quarter has and will be making lots of changes in our operations in order to better meet the needs of the Quarter as we change. Please welcome Betsy and feel free to stop by and say hello.

Trustees, through our Personnel subcommittee, is organizing a search for the new permeant position. We are in the process of forming the search committee and will be in contact with Monthly meetings to ensure we have a broad diverse representation of the Quarter. In that same spirit, the search committee will reach out to Monthly Meetings and Quarterly Meeting committees to get input from you as to what we need in this new position as we move forward. During this summer, please start to think about the role of the Quarterly Meeting office. In the fall, the search committee will reach out with more specifics.

In Friendship,

Respectfully submitted,
Glenn Josey,
Clerk
