

NYQMBklynOct22Report (20221016_BrooklynMonthlyMeetingReport)

1. The projector is installed; our equipment orientation has been held; our first hybrid meeting for worship (in a trial test period to gauge reactions) is to be held very soon. We plan to hold hybrid business meetings so both our on-line community and our in-person community can function together on decision making.
2. First Day School is fully up and running. Child care is also being provided weekly for those younger than 4 years old. Also being tried: having children of all ages in meeting for worship the first Sunday of each month.
3. The wearing of masks during worship will now be optional with a section of the meeting room designated for mask wearers only.
4. Social Hour is back in full—both inside in the social hour room & outside in the playground.
5. We have accepted one new member into our fellowship in the last quarter.
6. We had a joyful renewal of vows by Leslie & Joe McCarthy (40 years married) at meeting for worship on October 2nd. Earlier in the quarter we had 2 marriages that were under the oversight of the meeting.

Respectfully submitted,

Jonathan Fluck
co-clerk, BMM
